

Update of Lake Bel-Air Bridge Replacement

The Hillsdale County Road Commission held a Pre-Construction meeting on Tuesday, July 28, 2019. In summary, the meeting identified the following dates and concerns in regards to the closure of Lake Pleasant Road and access to our Lake Bel-Air boat launch.

1. The road will be closed beginning the week of **August 11, 2019**.
2. The road will be closed until **mid-November 2019**.
3. The contractor plans to work Monday through Saturday and there will be no access to the boat ramp Monday through Saturday after **September 9th**.
4. Boat Launch Access. While the road is closed we will still have limited access to our boat launch on Sundays after **September 8th**.

Therefore, it is recommended by the Hillsdale County Road Commission that Lake Association members plan to use the boat launch as follows:

Plan to remove your boat for the season by Sunday, September 8, 2019. Because of limited options to place construction equipment, the access to the boat launch will become more difficult.

After September 8th you will only be able to launch or retrieve your boat on Sundays when the contractor is not working. Access to the road will require you to move and replace all barricades. Also, access will only be available from the single north bound (right) lane of the road and will require an extreme right turn into the ramp drive and an extreme left turn from the drive when exiting.

Future project updates will be posted to the Lake Bel-Air Association website as they become available.
